

SCORES KOLCHAK FOR MASSACRES

Soviet Speaker Declares General Hunted Down Revolutionists.

Interference in Russia by the allies will be destructive to a world peace, declared Sanjivan K. Kolkach, director of the Soviet bureau in this country, at a mass meeting in the Old Masonic Temple last night.

During the meeting would develop into a "red" gathering, representatives of the Department of Justice mingled with the crowd. The speaker opened his address with a request for an orderly gathering and declared he was speaking in a friendly spirit to convert his audience to Bolshevik principles.

Admitting there had been bloodshed under the Soviet government, Mr. Kolkach charged the counter-revolutionary forces under Gen. Kolchak systematically exterminating sympathizers with the existing form of government.

Bolshevik Battleship Sent Down by British

British warships sank the Bolshevik battleship Novik and forced the Dreadnought Andrei Pervovany to retire from action, disabled and in flames, in a battle May 13, the State Department was advised by cable yesterday.

The Bolshevik fleet was operating from Kronstadt. The State Department's cable was forwarded from Viorborg.

LANSING TELLS IRISH THEY HAVE NO CHANCE

Paris, May 27.—Secretary Lansing today in a letter to the Irish-American delegates here declared that he feels further efforts by the United States government representatives to obtain a hearing for Prof. De Valera and other Irish republic advocates would be futile.

Chauffeur After Collision Hastens for Parts Unknown

Evidently laboring under the misapprehension that he had killed the small colored boy whom he had struck while operating an automobile at First and K streets, Edward Bott, colored, 98 Twenty-seventh street, hastened to the Union Station, to the police station and boarded a train for parts unknown.

The boy who was struck, John H. Harrison, 13 years old, 325 Twenty-seventh street, was taken to the Emergency Hospital in an unconscious condition, but soon revived and was able to go to his home.

READ MAKES SAFE LANDING AT LISBON AFTER FAST FLIGHT

Continued from page one

ney to Europe. To all of them and to you all honor is due."

Medals for Aviators.

Awarding of the Congressional Medal of Honor—the nation's highest mark of service—to Lieut. Comdr. Read and members of the crew of the NC-4 is proposed in a House resolution prepared by Representative Britten, Illinois.

Britten would have the medals presented to show the appreciation of Congress for the daring and courage of the flyers. Their feat, he says, "will stand as one of the greatest in history."

Chairman Butler has promised speedy action on Britten's resolution in the naval committee.

In the flight to the continent from the Azores the same crew was aboard the NC-4 as started from America. In the next hours, the NC-3 came into Ponta Delgada under its own power at 1:50 in the afternoon. The NC-1 later sank, and the NC-3 was damaged to such an extent that it was unable to resume the flight, leaving the burden of completing the flight wholly upon the NC-4.

The NC-4 made the 150-mile jump from Ponta Delgada, May 29, in one hour and forty minutes.

Commander Read put his ship in readiness immediately upon arriving at Ponta Delgada and awaited favorable weather conditions before starting yesterday on the last lap of the historic trip.

Read reported that the final leg of the trans-Atlantic trip was uneventful.

All in Good Shape.

All hands were in good shape on their arrival at Lisbon. The plane covered the 800-mile course in about 18 hours, an average of about eighty miles an hour. The motors and other mechanism functioned smoothly and without a hitch.

Fliers were accorded a hearty welcome when they landed here, received by the President of Portugal and other officials on board the U. S. S. Rochester.

Commander Read may continue the flight to Plymouth tomorrow if the weather continues favorable.

Secretary Daniels regards the landing at Lisbon as the end of the enter-

Strikes Spreading in Canada; Winnipeg Discharges 1200 Men

Winnipeg, Man., May 27.—The prospect of settling the general strike here grew more remote today following passage by the city council of an ordinance permanently dismissing firemen and waterworks employees who refused to return to work yesterday at noon. The number of municipal, provisional and government employees discharged was 3,100. One condition demanded by the strikers was return of all utility employees to their former jobs.

Alderman Ernest Robinson, chief of the strike leaders, said that the workers would "hold out to the last." They were encouraged in this attitude by reports of sympathetic walkouts at Calgary, Edmonton, Regina, Saskatoon and other cities in western Canada.

Limited local telephone service is being maintained here by volunteers. Members of the "citizens committee" are still managing the fire apparatus and postal service. A group of railroad service is also being maintained.

Strikers are crowding the streets. About 3,000 men gathered at the postoffice and several radicals hotly demanded action. Strike leaders immediately appeared and called on the crowd to disperse. There was much muttering, but the sight of mounted police, fully armed, and military, also fully equipped, served as a restraining influence.

A. J. Andrews, attorney for the citizens' league, said the employers will make no concessions to the strikers and they were prepared to keep their plants closed until such time as the workers announced their willingness to return.

Strike in Toronto Today.

Toronto, May 27.—Labor leaders declared that 45,000 men belonging to

the big fact, he said, was that the Atlantic had been crossed, and that was what the navy started out to do. The crossing was just as it was planned by safe stages. The NC-4 will go to Plymouth, England. After a few days the navy will announce whether the NC-4 is to come back flying on a return trip or what other arrangements will be made.

"The flight just concluded," he said, "is only the beginning of our experiments. We are to go on and on till we can cross the ocean at any time, perhaps with seaplanes of a different type. But the object is to keep on experimenting with the best type rather than to urge the building of a great many airplanes, the type of which might have to be changed before the end of the year. We are after quality and quantity, but the time is coming when the seaplanes will be ocean carriers, just as liners are, and will do their work as safely and effectively, but with greater speed than is now done by the trade ships of the world."

While people struggled on all sides to shake his hand.

Thurso paid the aviators high honors and gave them an enthusiastic sendoff when they started for London. The protest, meeting them at the pier, called attention to the fact that in landing they stepped on the same dock that Lord Kitchener departed from when he left on the trip which resulted in his death at sea.

Officers of the British warship which removed Hawker and Grieve from the Danish tramp steamer, Mary, declared the crew of that ship was astounded at the sudden appearance of an airplane in mid-ocean. They had been at sea more than twenty days and knew nothing of the flight having been started until they saw the plane descending from the clouds.

Tells of His Rescue.

In an interview Hawker declared that when his engine began to bog he descended several thousand feet. Later it began to boil.

"After we had been out about twelve hours," he said, "we reached the fatal decision—to try for safety. We changed our course, flying across the shipping route for two and a half hours. Then to our great relief we sighted the Mary. We went up very lights and distress signals. As we landed near the Mary the sea was very rough. The landing was most risky. It took ninety minutes to pick us up."

Grieve said they were 200 miles off their course, owing to the clouds making it impossible to take their bearings.

Flowers for Mrs. Hawker.

Last night when Mrs. Hawker witnessed motion pictures of her husband at New Foundland, the affair was delayed for an hour by crowds which thronged to see her and throw flowers.

Preparations were started today for an aviation carnival of Hendon airplanes Saturday and Sunday, in honor of Hawker and Grieve. Many famous pilots are expected to do tricks in the air. Hawker will be asked to loop the loop and perform other aerial capers.

Most people sleep 17 full weeks in a year—8 hours a day, 56 hours a week, 2,912 hours a year, 17 full weeks out of every 52 weeks. One-third of our lives!

ALADDIN SECURITY OIL

ALEXANDRIA

Alexandria, Va., May 27.—City council tonight adopted the annual appropriation bill for the coming fiscal year carrying with it an appropriation of \$265,000. The estimated expenses are \$265,000.

An ordinance to provide for the employment of a full time health officer at a salary of \$2,500 a year; a bacteriologist at \$2,000 a year, and a clerk in the health department at \$700 a year was presented. It provides that this become effective on July 1.

This was referred to the joint committee on health and finance.

Mayor Fisher sent a communication to council stating that he was unable to collect the annual license tax of \$230.00 from the Washington-Virginia Railway Company. It was referred to the finance committee with authority to consult the corporation attorney.

A resolution of Councilman Baggett to compel the Washington-Virginia Railway Company to remove its switch on King between Washington and Columbus streets, was referred to a special committee composed of Councilmen Baggett, Matter and the corporation attorney.

Council gave permission for a street carnival to be held here during the week of June 2-8, under the auspices of the Welcome Home Committee for the homecoming soldiers, and it was adopted. Other resolutions adopted in connection with this provide to limit the time of parking autos, horses or motorcycles on King street between Fairfax and Payne streets and providing a penalty for violations of the provisions during carnival week. The carnival company will be relieved of the usual license tax. Permission is given to the use of the city street and sidewalks on King street for this affair.

It was explained that the affair will be under the auspices of the Welcome Home Committee, and a part of the funds will be used for the establishment of a permanent memorial for the homecoming soldiers.

A report was made by President Burke that the Washington-Virginia Railway Company officials stated that the removal of the King street switch would greatly interfere with their plans for an improved three-minute schedule.

A rousing welcome tonight was given by the citizens of Alexandria to seventeen soldiers who served overseas and who were detained at the Union Railway Station at 10:30 o'clock. Forty-five were expected. They were met by a crowd of several thousand persons, including mothers, fathers, wives, and sweethearts. Bells and whistles were let loose before and after the arrival of the men.

The assembly, headed by a band, moved down King street, which was lined with red fire. Automobiles joined in the procession and the

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound," at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriously dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

turning heroes were given a tremendous ovation, the street on either side being banked with people. Fire apparatus also joined in the procession, which was headed by veteran members of the old Alexandria Light Infantry, of which the homecoming soldiers were originally members.

The returning soldiers were escorted to the War Camp Community Service Club on Prince near Royal streets, where they were given a welcome and afterward tendered refreshments. A short welcoming address was delivered by Robert E. Jones, chairman of the welcome home committee. So great was the crowd that only the immediate relatives of the men were admitted to the hall. The real celebration in honor of the men who served overseas is scheduled to be held the week of June 2.

Miss Agnes Elizabeth Hayden and George Albert Manger, both of this city, were married Saturday morning at St. Mary's Catholic Church with a nuptial mass, Rev. L. P. Kelly, assistant pastor, officiating. The couple were attended by Miss Lena Moore, cousin of the bride, and

William Manger, brother of the bridegroom.

Mr. and Mrs. Manger left for Montreal, Canada, where they will spend their honeymoon.

Fire this afternoon destroyed a number of outhouses on North Washington street extended. Motor engine No. 1 by its prompt action saved the frame dwellings adjoining from destruction.

Washington Memorial Lodge of Perfection No. 7, Scottish Rite Masons, at a special meeting held tonight conferred the fifteenth to the twenty-first degrees, and tomorrow night will confer the thirtieth and thirty-first degrees, and the thirty-second degree will be conferred Thursday night.

The State Corporation Commission has granted a charter to the Marine Railway and Terminal Corporation, Alexandria, with a maximum capital stock of \$10,000 and a minimum of \$1,000. Officers are Edward A. Livingston, president; A. K. Stratton, secretary, the former of Washington, D. C., and the latter of Ironhorse, Alexandria county. The objects are a marine railway.

The commission has also granted a charter to the Ledbetter Drug Corporation, Alexandria, increasing its capital stock from \$10,000 to \$20,000. Officers are Edward S. Ledbetter, president; Laurence Stabler, secretary.

Arrangements have been made by St. Mary's Dramatic Club for the presentation of a play entitled, "The Jonah," which will be given at the Lyceum Hall, June 3 and 4.

The doughnut committee of the Salvation Army has arranged for a dance which it is planned to give next week in the army for the Salvation Army Home Fund.

Representatives Favor Repeal of Luxury Tax

The House Ways and Means Committee yesterday ordered a favorable report on the resolution repealing the so-called luxury taxes. No action was taken on bills repealing the tax on soft drinks. Both Democrats and Republicans supported the proposal to end the luxury tax.

Every Woman, Man and Child

Is troubled with falling hair and dandruff, due to neglect. A wonderful preparation has been discovered to stimulate these causes with very little money wasted. The Remy-Hair Tonic stops the falling hair and eradicates dandruff, also gives the hair a wonderful lustre and fluffy appearance. After an application of this delightful hair tonic you will be surprised to find how clean and refreshing it leaves the scalp. It can be applied to the scalp by massaging with finger tips night and morning and will not leave the hair oily or sticky. Remy-Hair Tonic can be obtained at the following stores: O'Donnell's, 6th St. at W. O'Donnell's, Wm. Ave. and P. St. Wm. Ave. and M. St. O'Donnell's 3rd and 4th Sts. at W. Rosch Drug Co., 8th and 9th Sts.
